Dumped babe meets mum

A SCHOOLGIRL mother was reunited yesterday with the baby girl she abandoned a week ago after concealing the birth. The mother, 16, had wrapped the baby in a towel and dumped her on the car park of a clinic at [redacted] near [redacted].

But yesterday she wept tears of joy as she hugged the baby named Gemma by nurses who have been looking after her. The mother says she will now call her that name too.

Drug war call by parents

TOWN councillors meeting last night were faced by angry parents demanding action against drug pushers.

The 50 banner-waving parents claim pushers are selling heroin "like it was ice-cream" on dockside housing estates in Birkenhead.

The councillors agreed to call for a Home Office research team to investigate the problem and to consider setting up a residential treatment centre.

Mother aged 15 killed baby

A TEENAGER gave birth alone in her bedroom—then stabbed her baby daughter to death.

The 15-year-old girl plunged a pair of scissors into the child more than 40 times.

Yesterday at Crown Court she was put under a three-year supervision order after a judge heard the birth had seriously affected the girl's mind. She had admitted infanticide.

Steve- In my opinion the americans (Reagan) are the most likely to press the button first .The Russians are only interested in one thing World Domination NOT World Destruction .The yanks are so paranoid ,they would rather blow the planet up then let communism take over .But fuck them ,its our world not thiers .

Steve- Trendies ,a small minority of skinheads with trendies attitudes ,low mentality and its heredilary .

What punishment would you give to the Yorkshire Ripper ?

Steve- Wierd question ,well firstly I think death would be too good for him .A life sentence is worse ,but it should be the total solitary confinement and chop his dick off .

SADIST. The story began when drummer Dave and Rich on guitar tried to reform Out Of Time. But it failed so they played a couple of rip offs. Then we worked on a song called Contract Killer. After playing this they thought why not form a group, so they did. Paul joined on voice but left after one practice to do his O levels which were in two years time. So Daz was appointed as vocalist after a few practices, he got the hang of it. So when they were offered their first gig with Clockwork Soldiers and Carnage they took it. With Sam playing bass just for that gig. Then they started rehearsing again until they had new stuff. Then they recorded a six track demo tape songs on it are Helios of the Past, The Judge, Burning Nation, The World Will bleed, Contract Killer and Sadist. The tape cost 40p and a see I dont if you can still get it now. They then did two gigs around christmas. Then after christmas they got Skelly in to play lead, with Rich going to rythm. But after 4 or so practices they kicked Skelly out cos he didnt sound right. They then did their 4th gig at Hinekley with Black War. Which the gig went down quite well. In late march they got Flem in to play bass and Auctett to play extra guitar. Soon after all four Daz, Dave, Flem and Auctett left Rich with just no one but himself. But Rich followed Stan to play drums and sat at ba on the mike. It was for both of them their first group. They hope to do their second demo tape soon with a free fanzine. For more info get pen to paper to Rich, 15 Warham Rd, Blaby, Leicester.

Disorder 12" Singles Collection .

Now to most people disorder are just 100% shit. Well its not one of the best records to listen. But it is better than some, Ive heard. Side one say Todays World and thats what you get followed by Violent Crime. Then a bad song Complete Disorder, which is followed by a brilliant Insane Youth. To end side one is Youve Got To Be Someone. Side two starts off with More Than Fights and Daily Life. Then another good song called Rapture. Then it ends with 4 songs. Myself this is not the best Disorder that we all know. Preachers aint on the record for a start. Anyway the album should be out soon hopefully.

Wat Dreams LP by various. Well yet another cheap combination album but it aint nothing much special. On it is Riot Squad with two songs which get a bit boring. The best one on it is Our Life by X-Creates. Other good ones is Hit and Run and Wat Dream both by Clockwork Soldiers an Oi group from Leicester. Other on it are Dead Mans Shadow, Breakout, Christianity BC, Resistance 77 and External Menace. All for £ 2.99p.

more reviews on records, tapes, gigs, fanzines etc just keep reading on cos there is more pages left yet.

PRESIDENT Reagan suffered a reversal last week when Congress gave him permission to buy only 15 MX missiles instead of the 40 he wanted. This was despite him dressing up the missile by calling it The Peacemaker.

Ex-Admiral Eugene Carroll sourly commented: "That's like calling the guillotine a headache remedy...."

PUSH FOR PEACE

Four Australian peace campaigners left London yesterday to start a four-month round-Britain cycle ride to protest against nuclear weapons.

Cruise rap for Dutch

THE Dutch government came under attack from NATO defence ministers yesterday for not yet agreeing to deploy U.S. Cruise missiles.

At a conference in Brussels nearly all the ministers are reported to have criticised the government of Premier Ruud Lubbers, which fears collapse if the 48 missiles are installed.

- Basing American-controlled cruise missiles in Britain against the wishes of a majority of the British people.

In August 1982 Nobby and Brooky founded along to a party. They had just picked in The Infected and were waiting to start a new group. By a sheer stroke of luck they met a lad called Chaz and soon got talking about a group. So Chaz said immediately he would sing in the group. He got his mate Kitty to play the bass lines. Feely the line up is still the same. Yes as yet they aint made a line up change. They got practicing right away. But after a while they got checked out due to radeccerating. They moved into the same spot as Xpoxaz practice at. From there they got a few more songs. So from then things started to go again wrong. So they had to move to some where else. It wasnt until Feb 83 they found somewhere new to rehearse. All the old songs they dropped and began working on a new set of songs. Just as everything was looking gig they got thrown out by the council and the police for alledgeably disturbing the peace. For three months they did nothing at all. They felt just like giving it all up there and then. Out of sheer desperation they took to the studios on the 8th of July 83 to record. They entered Woodland studios to record thier 4 track demo tape. It is on sale for £1 plus see you also get a badge, sleeve and lyric sheet. Thier first gig came soon after recording thier demo tape. They now have a permant practice spot. So now all the bad luck seems to be behind them. The band are semi-anarcho punk rock outfit. The meaning of that is not all the band believe in anarchy. This is one reason they dont have anarchist type lyrics. One thing the group opposed to is violence that seems to surround the religious sects eg Northern Ireland, Middle east etc. Infact the band are all anti religion. They should be appearing on the next Pax records combination lp. If anyone needs more info write to Brooky, 103 Woodhead Road, Helmbridge, Huddersfield, HD7 1NW.

P.S. he was also going to start a fanzine soon, so I was told.

ACT NOW FOR THE SAKE
OF THE ANIMALS

tortured!

OI POLLOI are a 5 piece hardcore Oi group from Edinburgh in Scotland .
 I sent Steve Chaos the singer these questions .
 Who picked the name Oi Polloi and why ?
 Steve- I picked the name because it instantly lets people know what we are .
 Which is a hardcore Oi band .Also c
 -as it doesnt sound like the names
 of your average Oi/Punk band who are
 called things like "Urban Chaos" etc
 .All which are a bit corny .Also
 because it comes from the ancient
 greek phrase "HOI POLLOI" which
 means "The people ,crowd ,rabble"
 etc which we are

When did Oi Polloi start ?

Steve- The present line up has been
 going for a year now .But the origin
 -al band was formed in easter 1981..

What topics do you feel strongly
 about ? .

Steve- We feel very strongly against
 all forms of animal abuse .Especially
 -y the obscene sport of fox hunting.
 Those who carry out this barbaric
 practise are SCUM .We are also anger
 -ed by the callousness and stupidity
 of the government and British Nuclear
 Fuels who proceed with thier insane
 nuclear power programme despite the
 fact that radiation leaks and disch-
 arges of waste from some of thier
 plants have been proved to have caus-
 -ed cancer and leukaemia in people
 living near by .These people lives

have been ruined dy disease ,
 many lives bad ridden in constant pain .The blame for this rests with the
 greedy SCUM at E.N.F.L. who think only of short term gain with no thought
 for those who they condemn to a life suffering .We think it OBSEENE

What do you think of the Gulf War between Iran V Iraq ?

Steve- Like all war it is pointless ,painful and stupid .War can never be
 won .This is one instigated by greed and religion .Particularly disgusting
 cos of the use of chemical warfare by both sides

What did you think of Punk Lives ?

Steve- A ripp off we prefer fanzines

What do you think of Arthur Scargill ?

Steve- The bloke is a dildo ,but he's right about one thing the U.K. is a
 police state

Do you believe in Anarchy or NF ?

Obviously we dont believe in NF theyre fascist scam .If you support the NF
 youre not a real skin or punk .Your just an ASSHOLE .About Gnarchy it
 depends on what you mean by -anarchy doesnt it? .Exploited anarchy is diff-
 -erent from Crimes anarchy .Lets just say we believe in peace ,freedom ,
 equality cooperation and having a laugh

What do you think makes football violence?

The attitude many people have that violence is an acceptable way of solving disagreements - when it ain't. If you can only solve your problems by attacking people then you're just pathetic. Also the stupid glorification of violence by some OI bands doesn't help matters.

Remember: the pigs and government are just laughing at us fighting amongst ourselves. It's not smart to fight your own class of people - let's unite and tell the government where to get off!

Do you think we should disarm?

We think the whole world should disarm.

Who do you think will win the 1986 World Cup?

We don't know and we don't care - as long as there's still a World Cup to win and we haven't been blasted to atomic oblivion by then, we'll be happy.

Anything else to say?

Yeah! Thanks for interviewing us, Bazzy. Also, lots of thanks to THE OPPRESSED for putting out our E.P. and make sure you buy it readers! Oi! Oi! Unite and win! Bye!

MANIA I first heard them on PUNK IS DEAD 12" on Pax records with 2 songs. "Stick Together" and "Power To The People". Then I heard em on A Country Fit For Heroes Vol 2 with a track called "Blood Money" They started in October 1981 since then theyve been plugging away trying to get some good gigs with names like U.K. Subs, the Upstarts (Who have promised them a tour with them.) also Toy Dolls, Old Riot Squad Theyve gone down really well in Chesterfield and Stoke. We have been told We have been told we have the power and songs to make it with. They think it a case of been at the right place at the right time. That some groups have been signed up by labels

Since theyve been formed they have had four demos made. Our first was done by some c*** who will be nameless. It was him who made the

tape sound so bad. Blood money was from thier third demo. They think they can do better songs than that. Thier last demo which is called "Night Of The long knives" never backdown ,never gave in on us .They sent em off in hope of some record labels maybe interested .They sent No Future a live tape roughly recorded at Sheffield's Marples with the Enemy's P.A. .Its all vocals but its not all that bad .They have just got to hope someone gives them a break through. They want to so they can get thierviews accross the country to punks and skins .Meaning in saomething were totally committed to only the best words do for us we dont just throw things together like alot of todays groups .Behind the Upstarts thjey reckon thier words are probably the best in punk today. We are not trying to be big heads but thats just what we feel. We dont write about @narchy,Peace s*** which has all been done before .Okay some of our songs are dated as far a topics as been unemployed and the state of the country .We know its been written about before and still is been written about today. But the subject about life on the dole does make us mad. This is one reason why punk aibnt so strong today cos you cant afford albums at £4 or more and singles at £1-35p when you only get £33 a fortnight on the dole .Its a near music business today and people cant buy the records if theyve got no money CAN THEY ? .We would love to do a tour of small towns in the uk .They started off with the name Subculture but they were forced to changed it cos there was a group already called that .They we changed it to Fallen Heroes which when you think about it ,its a poxy heavy metal name .So I just had the idea of the name MANIA .But I just hope no one tries to ripp it from us .We just hope that one day all punks ,skinheads and herberts unite together. The photo line up from left to right Macky (20) Guitar ,Carl (19) Vocals .Doggy (19) Drums and Kenzy (19) on Bass .If more information write to Carl Strong ,10 Deep Lane ,Sheffield ,Yorkshire

C O R P S E !

Corpse were formed in latew August 1982c and the reason was to ease the boredom and play punk. But the main reason was to help spread the message ANARCHY ,PEACE and FREEDOM as its something they are really into .Thier line up then consisted of Weedy on voice ,Ginge on drums ,Lanx on bass and Rick on guitar. So thierlst gig was with a two bassist line up .Then Hilly joined the group with his guitar. Hilly then left after 4 gigs and next guitarist was Hibbs which is trhe same line up today. Gigs they played in places like Stoke, Huddersfield ,London ,Crewe ,Winsford and a few other places .Theyve played with groups like D.I.R.T. ,SubHumans ,Xpozez ,Dead Mans Shadow ,D-Fekt ,Sears ,Two Fingered Approach and a lot more.

You may of seen 'em in Punk Lives No. 7 on the Young Blood page..... They're willing to play a gig Anytime and Anywhere so if you can get a gig write to:

WE AIN'T DEAD YET!

AUTUMN POISON

AUTUMN POISON I first heard them on Animal Packet tape. I think thier song is the best one on it ,so I just had to write to them. Most thier information can be found in leaflet called "Some Boring Questions Answered".

But it aint all up to date cos Julian has since left the group, after thier gig at Cliff. He has now been replaced by Paul Brown, who was thier original guitarist. Altogether they have done only 6 gigs so far. All of which are in the Southend area. Which have been with groups like Kronstadt Uprising, Omega Tribe, Youth In Asia, Fall Out (6 Minute War) ,Alleigence To No One and The Committee. They prefer to play benefit gigs for causes we support when possible .We would be glad to lend our services to Animal Aid, C.N.D., Womens Aid etc. Although we would like to make abit of profit so we can buy so new equipment. Thier best gig up to date was probably the C.N.D. benefit gig on Hiroshima day. They made £50-00 for the Southend C.N.D. group .They also hope to be playing in North Essex with a group called Accidental Spillage. Thier other plans are to bring out a new cassette (Which theyre working on). The songs are about Protests ,various aspects of the system violence e.g. violence against women ,war and the preperation for war ,animal abuse ,nuclear powers etc .In the future we hope to write about new topics for example what a socialist friend of ours

describes as 'Kitchen Sink Politics' inother words dealing with more everyday subjects that alot of libertarian bands tend to over look. For example some of our new songs tackle issues like the cuts in the health service ,women at work, the way the 'Mentally Ill' people are treated by the system ,racism etc and so on. I dont know if you could say we were Anarchist but some of us would say we were, some otthers say theyre not. But labeling things is to much of a risky business , besides the word "Anarchy" is one which is hard to define .Is ofter misused by people who have little if not any ideas of its meanings. The people I'm aiming at are The Exploited etc .If anyone reading this wants to send me any questions please do so I will try to answer all questions best I can .We have acassette available (15 trax, booklet and a badge) for £1-30p. But we dont want to put any traxs of it on to any combination tapes cos so far 5 tracks have already been used. But if anyone sends us a blank tape I will tape one of our rehearsals for you. If the quality is good enough you can select some tracks from it. Thats about it for now dont forget to send us a copy of your zine when its out. cheers GRAHAM

'X · O · SET · UK'

X-O-SET U.K. are a 3 piece group from Huddersfield .Who are at present looking for a bass player. The line up is BONE IDLE on Vocals, MAGILLA on Guitar and HERMANN on Drums. The line up started practising in November 82. But the idea of a start a group started a long time ago with nothing much happening .They

had a few ideas for a name e.g. ACID VICIOUS ATTACK and EVASIVE ACTION but they finally settle on the name XOSET UK .Cos the of Falklands war and many of our lyrics are anti-war .When they first started to play they had no idea how to play thier instruments but they gradually learnt and now have some good tunes and words. They do some fast and slow songs. Nearly all the songs are written by BONE IDLE. They are anti-war, system religion, and vivisection because they feel everyone of them is a load of s*** used by people in control to manipulate our minds and to make sure they stay in control. Up tonow they have not done agig but another local group is trying to get them a gig. At the moment they have a total of 16 songs .Theyve

done a demo tape with Brooky standing in on bass. But people tell us the quality of our songs are S***. They are on a DAMAGED Fanzine combination tape. For more information .Write to ADRIAN, 16 HOLMCLOSE ,HOLMBRIDGE ,HUDDERSFIELD ,HD7 INJ

"English Dogs"

ENGLISH DOGS ! I first heard them at Manchester's Gallery in May 1983 when they were supporting Discharge. They were okay but nothing really big. Then on 4th of December 83 I saw them this time supporting G.B.H.. It was one of the best gig I have ever seen. English Dogs were brilliant especially Wakey he got the crowd going. Then on christmas day I got thier 12" which I think is one of the best 12" out ,if not the best. With two brilliant trax on it "Psycho Killer" and "Free To Kill". Other good trax on it are "R.I.P" and "Max The Millonaire" .The other two tracks "Driven To Death" and "Left Me For Dead" are okay but they should of put "Victim" and "World WarII" on it. Anyway after hearing the 12" I written to the group this is what came back. Questions answered by Jon the Guitarist

Does the group believe in Anarchy ? .

Jon- No we dont believe in Anarchy

What do you think of Breakfast T.V. ? .

Jon- Never seen it

Do you believe in NF ? .

Jon- National Front are a bunch of wankers

What football team do you support ? .

Jon- Dont like football much

Who would you like to do a U.K. Tour with ? .

Jon- Like to do a U.K. Tour with any group that likes a laugh. Or an all female group with big tits and liked been S*****

What do you think of King Kurt ? .

Jon- King Kurt I'm not to keen on the music. But they're a good laugh

Which female in the world would you like to meet ? .

Jon- The queen

If you could go anywhere in the world for 2 weeks where would you go ? .

Jon- Two weeks in Dagenham

What punishment would you give the Yorkshire Ripper ? .

Direkt Attack I heard off em through Dave of NO BRAIN CELLS .Dave the bassist and singer of Direkt Attack .He is also guitarist in NO BRAIN CELLS ! .

Direkt Attack were formed about 1982 from various bands i.e. Mass Hysteria, Vendetta and The Lost Boys .Theyve done about 25 gigs in the last year in places like Warrington ,Wigan ,St Helens ,Blackrod etc .

They got two demo tapes out for sale at £1-20p each if anyone is interèsted. They are also saling a video for £8 with tracks off thier demos. They are hoping to do a single this year with The Deformed .The groups line up is Dave (Yours Truly) Carr on Bass and vocals ,Gizz Carr the best f***** drum kit in the world and Dave Monks on Lead Guitar/Vocals .Thier demos available are "Death On A Horse" and "Plan Of Action" .Groups they are into Ambix ,NO BRAIN CELLS ,Deformed ,D.A. For info write to Dave Carr, 30 Newton Road ,Lowton ,Lancs

The Deformed are from Lewton in Lancs. Two of em are out of No Brain Cells. They're the same group as on Bullshit Vol 2. But the song 'Freedom' they don't do no more its to old now. The line up is Dave- Main guitar, distortion and screams. Joe- Bass, vocals phaser and pisshead. Pete- Drums, 2nd guitar, vocals, ~~noise~~ noise, headaches and aids. Unknown- drums, cymbal dives and speech. Some of thier songs at the moment are: From The Grave, Psalm, Christian Death, Graveside, Death Chant, Certified Dead, Total Destruction, Crucifixion, Dead Flowers, Dead Man and R.I.P. .

At the moment they need a perment drummer. Theyve a friend who keeps a beat on two tea tins, but has very limited. They did a drummer who knows how to use a drum kit. Does not use the high hat cymbals. The group are not vegetarians they all eat meat willingly and lovingly. They're not interested in politics, they hate religion, worship, idols trees with brown leaves and I hate tea bags and making tea. The group we like differ a lot but we get on quite well. Dave- Vamen, Discharge and Disorder. Joe- Subhuman, Chaos UK, Disorder, Dead Kennedys, Pete- Virgin Prunes, Jay Division Bauhaus. Our songs seem to be about the fars side of religion. The real truth about god and jesus. The beautiful side of death for Albert Tatlock. The fear of been squashed like a fly on the window. Flys have rights to you know. They hope to make a 2nd video tape very soon. The 1st was very good but very poor sound. They also hope to go in the studios soon to record 3 more songs RIP, Death Chant and Crucifixion. Other demo available has one ten track demo for £1-50 you also get a poster. Thier songs seem to be about religion. This is cos religion interfere with everyday life. When peoples lives revolve around religion it begins to effect others. Even if you dont want these religious people they will always want you to conform to what they believe in. They push leaflets through your door.

Theyve slowed down over the years cos theyve been around for 4 years now as the Deformed we felt it was necessary to vary our music. There are to many thrash groups today. The punk scene needs a new lease of life. Anyway punk is an attitude not musical ability. They claim punk is dead with groups like them and NBC expect Joe who was buried alive. They would like to know who killed thier pet Cat? why has beer gone up but not thier girls. If you see em at a gig buy em 4 pints.

Address Pete, 40 Maple Ave, Lewton, Lancs, WA3 2DA

AAAARRRGH!

WOW!

If you read Issue 2 you'll remember M.W.A.B. .They brought out a single which is now sold out .It was a double A sided single the songs on it are Angry Yung (I think so- Buzzy) the other song is 'Is Michael Run on apple' They became in Oct 79 at school .

With Croom and a mate starting writing crap songs in
maths lessons .Went around singing Bluberry Hill for a
year .Till they actually bought some cheap stuff .Un-
extensive rehearsals didnt follow and with the addic-
tion of 2 spotty brothers they became a real group .
After doing some gigs they gained some sort of reput-
ation (e.g. wearing lampshades ,guitar solos on the ~~stage~~
wrong string having a tea break through a gig by eating
buns). They sent off tapes to record labels .They got a
track on Insane's Dame-lition Blues Lp .From which they
have had a lot of response .They wanted me to print the
following 'Cheas Tapes and Fallout records are a bunch
of Cokheads they want thier tapes back' .Thier dislikes
are cars C.N.D. (Men) ,Citreons ,french bastards ,USA ,
Americians ,Umbrellas ,NME ,Wales ,Doris ,
Animals etc .Theyre also on 'JLT LOST' tape de-
na by me Thier single was even played on french
radio .Thier single may have a few left here &
there .

Am I a punk ?
 People say Im not a punk cos I dont wear airwear boots ,leather jacket ,spike my hair,
 bleached or bondage pants etc .Well I can name many group who dont wear any of what I
 just listed .For example Peter and The Test Tube Babies .Anyway I want wear a leather
 jacket or doc martens cos its from an animal that took its life so you can think your
 so cool .Many punks go on about animal rights but still wear a leatherjacket .Which is
 to me just a waste of time going on about animal rights then .Okay I still eat meat and
 I probably always will .But its a lot harder than stop wearing a leather jacket .Really

The Deceased/Offensive Weapon/Societys Problems at Mayflower in Liverpool

Well we hit this gig cos it was free to get in .Not many there for a free gig about 30 .

'Marchy In The U.K.' , 'Pretty Vasant' and 'Bad Man' .I dont know any of thier songs but
the singer had a good voice .The music was 77 style. Then a few minutes later came See-
ietys Problems who I once had a tape of .Guitarist wearing a kilt with King Kurt on the
back on his denim .Both him and drummer with mohicans .Singer with half black and half
green hair .Along with thier new bassist 'Wardy' I think his nickname was .They started
with 'Too Many ~~Hitlers~~ Hitlers' they also did 'Agony Of War' , 'World War X' , The last on
-e was Abbellion .They did a excellant cover version sung by the guitarist Onward Chris-
-tian Soldiers .Brilliant group well worth watching out for if they play in your area .
Finally came Deceased who are on Demolition Blues LP .They started off by playing Boredom
-a followed by Belsen Was A Gas , then U.D.C. .Then came ANOK On Saturday Nite but sadly
then we had to leave to catch the last train .

The Deceased I first heard them through Societys Problems fanzine .They sheet us a tape
, patch , lyric sheet and info sheet .The tape is called Oppression and contains 9 songs .
Anok On Saturday Nite is about Trucks when it opened and everyone use to just get pissed
then stagger in there .Other songs on the tape is U.D.C. , Pills , Boredom , Realisation ,
Dont Wanna Die , Death Trip and others .They were formed around the end of 79 , from other
locals punk groups .The line up became Stu on voice , Matty and Paddy on guitars , Eddy on
on ~~drums~~ drums and Mark on bass .For about two years they did nothing at all .Then
in 81 they decided to go in a 4 track studio . They sent the demo around but it didnt
get anywhere .However it did appear in Sounds cassettes pets and they managed to sell a
few copies .They then split up but reformed with the line up.

ALL AROUND There is good And There is BAD, but think about it. What is good? And, what is BAD? Just Because you truly believe something is good, Does that make it good? To you it does, yes, but I might truly think that the same thing you think is good, is bad, and to me it is bad, but to you it is good. It is therefor Both good and BAD AT the same time. Do you see? Someone on the left thinks they are right, someone on the right thinks they are right. Each one believes the other to be wrong, yet, each believe themselves to be right. Each is Right and each is wrong. Everybody is Right, everybody is wrong, everybody is innocent, everybody is guilty. No one is guilty, no one is innocent, nobody is but everybody is. Confused? Then think it out.

At the beginning was written that, all around there is good and there is bad. Well so there is, And you must be the judge, but remember, to reach a verdict is to put yourself on trial.
